Details: I'll make it short and sweet! We play kick ass rock and roll, or rockabilly, or Psycho billy or
whatever the F*&! you want to call it. We seriously play hard, but we don't take ourselves too seriously.
We love our fans and the Custom Culture that surrounds it. We are influenced by The Damned, Stray
cats, AC/DC, Van Halen (DLR), Meteors, Reverend Horton Heat, Black sabbath, Elvis, Johnny Burnett,
Gene Vincent and all those dead cats we respect and admire for laying the ground work in Roots Rock
and Roll! Have Fun!
