Recorded with producers Rob Schnapf (Beck, Elliot Smith) and Ron Aniello (Guster, Barenaked Ladies) this album should be one of the more exciting releases this year for people who like great musicians. 12 MP3 Songs ROCK: Modern Rock, POP: Pop/Rock Show all album songs: Justin King and the Apologies

Songs Details: Justin King has dramatically reshaped and extended the language of the acoustic guitar, introducing his own unique and outstanding techniques. With the intensity and passion with which he plays, Justin brings a quality to the music that is far beyond just his mastery of a dizzying variety of forms. After being signed then released from Epic records, Justin King and his band went back to Justin's Blackberry Hill Studios in Eugene, OR and recorded the 5 songs on Fall/Rise entirely on their own. Justin produced, engineered, and mixed the record, in addition to writing, playing and singing on it. Dynamic in range, density, and texture, the EP features everything from driving rock to electronic drum programming to solo acoustic performances, all enhanced by a strong melodic sense. In addition to the full length album, this enhanced CD features four videos: "Same Mistakes" "Bailing The Titanic" "Bright Dirty Lights" plus a solo performance on a custom-made doubleneck acoustic. The band continues to tour in 2007, both in support of this full length and the EP, Fall/Rise released earlier this year. Merchandise: [justinkingmusic.com](http://justinkingmusic.com) What press has to say? "One part guitar virtuoso and one part nascent pop star, Justin King visits from Oregon to rock out on his acoustic guitar and tap on some wicked riffs." - San Francisco Bay Guardian Justin Kings songs are layer-after-layer of musical savvy soaking with sophistication, it is no wonder that each show amasses a collection of wobbly-kneed, speechless, star-struck fans." - Feb 2007, Hotel Cafe in LA, show review, [lataco.com/taco/justin-king-live-hotel-cafe-hollywood](http://lataco.com/taco/justin-king-live-hotel-cafe-hollywood) "I must have caught Justin King early in his career. If he doesnt rise any higher in the music industry, it means the system is so broken it can no longer recognize real talent--or maybe Justin King is just happy where he is. Certainly, he has everything a singer-songwriter hack like John Mayer has, the difference being Kings startling technicality. Forgive me

for being coarse, but this guy can play guitar like a motherfucker. He has an odd style, combining finger picking, slap-and-pop, tapping, and even frailing to dynamic effect. I dont know if other people play guitar like this, but if they do, I want to know their names." -Praetorian for acquired.trivialbeing.net
