The beautiful Danish songs presented here are both new as old but all are created in new arrangements especially produced and played by TRIO BEFORE. All melodies are from famous Danish composers with lyrics by Hans Christian Andersen, N.F Grundtvig and Jeppe Aakjr among others. They were carefully chosen because of the sheer loveliness of their structure, their timelessness and unique nature. These Danish hymns and songs are revisited with deep respect and love for Danish tradition and history. All are excellent examples of the rich Danish cultural heritage and encompass a wide range of musical genres from Befal Du Dine Veje composed in 1601 to Den bl Anemone first heard in 1954. TRIO BEFORE felt it was vitally important to maintain the musics authenticity and original atmosphere throughout the new arrangements. At the same time it was felt important to add freshness to these melodies that have maintained their popularity for many generations. opstod for nogle r tilbage under en udsendelsesrkke p DR2 rundt i Danmark, hvor de smukke danske sange, nye som gamle, blev spillet i nye fortolkninger. Melodierne til de danske sange og salmer er spillet og arrangeret med stor respekt og krlighed til den danske tradition og historie. Alle melodierne er alle typiske for den traditionelle danske kulturarv og spnder vidt historisk med Befal Du Dine Veje fra 1601 til Den bl Anemone fra 1954. Det har derfor vret vigtigt at beholde gtheden og den oprindelige stemning af sangene i de nye arrangementer. Samtidig har det vret vigtigt at tilfje noget nyt til melodierne, hvilket nok har gjort at musikken bliver godt modtaget p tvrs af generationerne.
