Uplifting and soothing music with tones with hidden tones from the Bible, (Numbers, 7:12-83, and the next interval in the fibonnaci series of numbers which some believe to contain seeds for man's further evolution and spiritual progress. 7 MP3 Songs NEW AGE: Healing, NEW AGE: Meditation Details: The chords used in today's music are found in the beginning series of the fibonnaci series of numbers. This pattern of numbers is also found in nature, our solar system, and in famous architecture. Our musical system stops today at the interval of the octave, or after eight of the fibonnaci numbers. The next interval in the fibonnaci series of numbers, used in this recording, is performed with tuning forks, as the intervals are not found on our pianos today. Some believe that this interval contains seeds for man's further evolution, spiritual progress, and projects the feeling of love. Tones used in this recording also include the "The Secret Solfeggio Frequencies" (Horowitz Puleo). These tones are found encoded in the Bible, Numbers 7:12-83. These frequencies are believed by many to dissipate disharmonious energy, create the next evolutionary step for people and to raise consciousness. The beautiful and radiating music is sure to uplift your spirits and delight your senses. Great for meditation, also.
