I was born in Salt Lake City, Utah on January 30, 1979, and the first thing out of the doctor's mouth upon seeing my messed up little left hand was "Well, he's healthy, but he'll never be a piano player!" But what the doctor didn't know is he was looking at a baby with the determination to share the music in his soul with the whole world... I started writing and playing music when I was 7 years old, and it's been quite a fun challenge for me. You see, I was born without a complete left hand. I only have three HALF fingers on my left hand and when I was 7, I was told that I couldn't play piano because I didn't have two hands.....well, no one tells me I can't do anything! I afterwards taught myself how to play, and was soon writing my own music to suit my style. I thank-you for considering my CD TOUCHED and hope that you will enjoy my musical offerings when you receive the album! Love Light Josiah Barlow
