Then The Secret Of Dreamin is the right music for you. Sunny and fresh Electronic Music with spherical E-guitars, the right relaxing music to drive on long highways or to listen to it for dreaming, thinking or chilling. (BlueMangoCafe, USA, Sept.2006 wrote) Catchy grooves and melodies merge in easily accessible trancey songs sure to once again break categorization. The new album feels more retro than some would hope (the project's genesis was after all being "innovative" in its sound) with retro gear, rhythms and sounds present throughout. (Gutsofdarkness, Canada, Oct.2006 wrote) A rather strange Carlos Santana doing EM. The duo "Double Fantasy" was a successful project in the late 80s. The man behind "Double Fantasy" was the German EM musician Robert Schroeder. The track "Heartbreaker" of first album "Universal Ave." reached the US charts in the late 80s. A new musically style was born which was called "Californian groove", romantic Electronic Music with dreamy and spherical E-guitar lines. Robert Schroeder has renamed his duo "Double Fantasy" into "Food For Fantasy". The CD The Secret Of Dreamin is the first release under new name in 2006. "Food For Fantasy" plays dreamy synthesizer music with a typical easy groove, just the right to drive on long highways or to listen to where ever you want. The Secret Of Dreamin means what the music open, good smooth relaxing music with the feeling of freedom, freshness and satisfaction. The music from "Food For Fantasy" is composed and recorded in session work. A few nights long the duo "Dreamstar" and "Phil Molto" improvise a lot of music. The results are post-produced by Robert Schroeder. This production way offers you a very relaxed and colourful music, it offers you The Secret Of Dreamin. Enjoy it. first publication: Double Fantasy "Universal Ave." (1986) new CD from Food For Fantasy "Fruits Of Fantasy" (2008) look also for releases by ROBERT SCHROEDER (the man behind "Food For Fantasy")
