Experimental electronic/spoken word 13 MP3 Songs ELECTRONIC: Experimental, SPOKEN WORD: With Music Details: The Defeated...revolves around a theory that mentally ill or depressed people are actually just responding logically to the horrible things in their lives... The Defeated will upset and disturb you as you laugh. New Waver's first CD release reconfirms those nagging doubts you had about the world...[the music] often sounds like it came from one of those high school science videos that teachers made you watch when they couldn't cope with standing in front of class pretending to teach about molecular structure because their wife had just attempted suicide again the previous night.
