You always check yourself In every mirror you see, day and night And it is such a shame Your vanity is to blame Oh why don't you knock it off It is the pointlessness That's got me loving less I cannot not handle that you're such a wannabe You're caught up in yourself And me,you don't even see I won't be crying when I'm lonely 'Cause I'll be making sure I'll have a good time aint nothing wrong when I'm alone now 'Cause I'm alone and I'm proud I won't be crying when I'm lonely I'm sure you don't believe That anybody can tell you're a fool I'll bet that you believe They only think that you're cool And a handsome devil too But baby trust me now You'd better turn around 'Cause otherwise you're gonna fall and hit the ground 'Cause all this spirit boy Won't last eternally I won't be crying when I'm lonely 'Cause I'll be making sure I'll have a good time aint nothing wrong when I'm alone now 'Cause I'm alone and I'm proud I won't be crying when I'm lonely I won't be crying when I'm lonely 'Cause I'll be making sure I'll have a good time aint nothing wrong when I'm alone now 'Cause I'm alone and I'm proud I won't be crying when I'm lonely 'Cause I'll be making sure I'll have a good time aint nothing wrong when I'm alone now 'Cause I'm alone and I'm proud I won't be crying when I'm lonely
