Details: Since moving to Boston to attend the Berklee College of Music, Katie Trotta has been writing more than ever before. Over the past two years, during breaks from school, Katie made her way into the studio to lay down demos of several of her new songs. Songs were recorded starting in 2007, with the latest tracks recorded in January of 2009. Indie-Musicdubbed Trotta as more than just another girl with a piano and this collection of stripped down, confessional songs goes to prove that once again.
