

# Theatre Organs Giga

[DOWNLOAD HERE](#)

Theater Organ for GigaStudio and compatible samplers. All ranks were chromatically sampled, capturing the true nature and character of each pipe. Samples are 10 to 15 seconds long with perfect loops to enable playing of unlimited length of notes. The true release sound of the organ pipes was also recorded and is reproduced upon key-release. All programs have 50 multisamples recorded in stereo, with the true release reverberation tail recorded in the theatre. The programs are around 100 MB each, making the total size of these individual stops 1.4 Gigabytes. Disposition: MAIN Prestant, Bourdon, Gamba, Celeste, Viole d'Orchetre, Major Flute, Clarion, Fagot/Clarinet, Soussaphone, Harmonia Aetheria Violon Solo Viola, Diaphason, Bourdon, Tibia, Celesta, Jazztrompet, Krumhorn, Vox Humana.
