

# Star Wars R2-d2 Patent

[DOWNLOAD HERE](#)

This is a downloadable copy of the US Patent George Lucas registered over the Star Wars Famous Droid R2-D2, as featured in the Star Wars Movie Saga. The patent protects the vehicle as a toy, and shows the registration data (author, assignee, length of protection, date of registration, etc), and graphics illustrating R2-D2 from different angles. Download it immediately in PDF format (You'll need Acrobat Reader to open it). You can print it out on A4 paper sheets (good quality watermarked paper is perfect!), and frame it.
