beautiful progressive rock with lots of chords and melody 6 MP3 Songs in this album (54:40) ! Related styles: ROCK: Progressive Rock, ROCK: Avant-Prog People who are interested in Genesis Steve Hackett Renaissance should consider this download. Details: This is very melodic progressive rock with lots of chord changes, with slight influences of early Genesis and Renaissance among others, and at other times, well hard to describe, maybe not like anyone, I dont know. Emphasis is on being as beautiful as possible, while still being complex.
