A guide for beginners or experienced singers introducing toning, basics of voice production and Hindustani Raag. This album is an ideal accompaniment and practice cd for Danu's Heartsong workshop. Includes drone accompaniments to sing with. 9 MP3 Songs in this album (63:29) ! Related styles: WORLD: Indian Classical, SPIRITUAL: Mantras Details: This Cd is an excellent guide for learning how to tone and improvise with your voice. Supported by drones on various notes, you can follow Danu's voice as she leads you through rising scales and phrases, inspired by the North Indian classical music system of Raag. It serves an excellent way to begin any session of voice practice, particularly first thing in the morning, and will compliment singing practice of any style. It is also relaxing and peaceful to listen to just as is. Recommended.
