What is Domaining? According to Wikipedia, Domaining, or Domain name speculation, is the practice of identifying and registering or acquiring, Internet domain names, with the intent of selling them later for a profit. Why Domaining? The online market changes rapidly, which means there are profitable keyword phrases coming out, virtually on a DAILY basis. The result of this, is a constant flow, of highly profitable, sought after, domain names. While Domaining is indeed very profitable...many new domainers tend to buy tons of domain names, without doing the proper research and following a system! Heres your solution That's where this video series comes in. You see, not only are we going to show you how to find profitable domain names, but we are also going to show you how to increase the 'value' of these domain names ...so when it comes time time to sell them, you will make a nice profit on your investment. All you need to do, is follow the simple, legal techniques, set out in this video series. Introducing... Domain Cash Generator 7 Part Video Course. This step by step, 7 part video series, takes you by the hand and shows you how to buy and sell domain names, and become a successful Domainer! Here's a list of this 7 part video series in more detail * Video #1: Introduction to Domaining - In this video, you will be given a brief overview of what will be discussed in this video series. Once you understand this and the websites youll be using to find profitable domain names, and flipping them...then, and only then should you move on to the rest of the video series with ease. * Video #2: Things you should Avoid doing - In this video, you will learn several things that you need to avoid doing, to save wasting time and money. By understanding what to avoid doing, and how to use certain tools to keep yourself safe... you will set yourself on the correct path to finding profitable domain names. * Video #3: How to Find Profitable Domain Names - By now, you should be ready to start looking for profitable domain names. There are tons out their, but how do you know which domain names will sell, and which ones will not? Well, before you start investing your time and money looking for domain names, make sure to watch this particular video. We have covered some basic research and guidelines that you should follow, first. This is a very important step of this domaining process. * Video #4: How to Register Your Domain Name - Just as the title says, youre going to learn how to register your domain name. This is a quick and easy video, but a necessary part of this

whole process. If you've never done this before, don't worry, it's easier than you think. * Video #5: Generating Passive Cash - This video is optional, 'if' you'd like to generate passive cash, without putting too much time into flipping the domain name. Be aware however, that this method isn't going to increase the value of your domain name. By using this method, we will presume that you did the necessary research, to find a profitable domain name, which already has traffic going to it...in order for this to work. * Video #6: Flip Your Domain - In this video, you will learn how to increase the value of your domain name. This means that after you implement this step by step process, you should be able to sell your domain for at least three times more... than if you hadn't done this before. * Video #7: Selling Your Domain Name - Once you have found a profitable domain name, and flipped it, it's time to sell it. In this video, you will learn where to sell it, how to sell it, and most importantly how to get the best price.
