9th Wonder Drum Kits NOTE: I AM THE COPYRIGHT PRODUCER OF THESE SAMPLES Due to overwhelming requests, beat-makerzbrings you the 9th Wonder Drum Kits 9th Wonder Biography Originally making hip-hop beats from his North Carolina Central University dorm room using FL Studio (formerly known as Fruityloops), he has since become one of the more accredited producers in the hip hop music industry. As an upcoming producer, he released a remix album of Nas' 2002 album God's Son entitled God's Stepson. This album began what is now a regular trend of remixing whole albums. With the help of filmmaker Tee Smith and sound engineer Young Guru, 9th Wonder landed a coveted production credit on Jay Z's then highly-anticipated The Black Album. The producer continued to produce for Little Brother and many other hip hop artists/groups, including Jean Grae, Skyzoo, and Murs. 9th Wonder has also produced for more wider known artists such as Destiny's Child, Mary J. Blige, De La Soul, Mos Def, Memphis Bleek, and Buckshot from Black Moon and more recently The Game. 9th Wonder isn't your average producer. He does not use any equipment except the computer production program, Fruity Loops. Recently, 9th Wonder, along with Christopher "Play" Martin from the hip-hop group Kid-n-Play, were appointed Artist of Residence by the Chancellor of North Carolina Central University, and instruct a hip-hop history class in NCCU's Music Dept. These sounds were recorded and designed by professional engineers using Pro Tools for the best sample quality available. These samples have been processed with Waves processing tools and SSL compressors for more impact and presence in your musical creations. Many drum libraries tend to have overused fx, have digital distortion and lack clarity as well as the natural sounds that some of our favorite producers have come to use. Our samples are carefully picked, recorded, and fully analyzed to ensure that they are clear of these faults and have more live sounding feel which is credited to the drum sets, sound modules, and samplers which are widely used by award winning producers. You will notice the difference once you apply these sounds to your musical works and you will not regret it. This product is delivered digitally, so once the purchase is made you can get to making your hits immediately afterwards!
