Introducing The Janissary Sales Page Template, One Page Sales Template... It Took Days To Design This New Sales Template. Now You Can Take Advantage Of This New Design... Not an ordinary sales page. Its modern, fresh & functional. Dear Internet Marketer, Ok, no big pitch here. What you get is a html/css one page sales page. The top menu scrolls gently to each section and easy navigation is built in. Sections for your pitch, features, benefits, and call to action. Add more if you like! 8 fanstastic colors with buttons to match each. (including psd files - create many more new colours!) ( Please dont ask for live preview. Its a html/css template. Im not going to do that for obvious anti-theft reasons) Presenting your brand & your product in this high impact one page sales template will not break the bank. You could EASILY expect to pay FIVE times as much as I am charging today. For a limited time, get all 8 color sets, for what I normally charge for 1 set! Heres What People Are Saying About This Template... TIt is a shame you cannot show people a preview page in action, as I just bought your theme and love the way it moves. A very professional and smooth way to guide a customer through a sales page. The sales video and description do not, in my opinion, do justice to the product. It is both innovative and eye catching. First off I want to thank you for this wonderful template you have created.I was just blown away it was what I have been looking for the last 6 months. The design is sleek and clean, and looks totally pro. The navigation almost makes the screen melt! A great sales page template.
