Singer/Songwriter with backing band ranging from classic rock, southern rock, folk, and country. 10 MP3 Songs ROCK: Folk Rock, ROCK: Classic Rock Details: Hello, My name is Bill Ferrell. I hope that you will take some time to check out my music at bikersprayer.com. I just completed my first CD and it ranges in style from southern rock, to folk, and country. I had the help of the kyx band in the studio for many of the tracks on the CD. They are a great bunch of talented guys. After playing cover tunes for so long, I decided it was time to make some music of my own. It has been one of the most rewarding experiences in my life. Shortly after I recorded biker's prayer, I learned that the song had been played at a wedding for a couple who share the love of riding. On a less fortunate note, it was played at a funeral for a man who lost his life in a tragic riding accident. The songs cover a wide range of emotions and ideas that may appeal to many different people. EXCALIBUR is currently #18 with a bullet on neilyoung.com's songs of the times. Please check it out if you have time. Thank you for taking the time to read this. Please don't hesitate to contact me through my website guestbook if you have any comments or thoughts about my music. Thank you also for helping to support indie musicians. Bill Ferrell
