Video 1 -- How To Sell Services Online For Instant Cash Why selling services is the quickest, easiest, most foolproof way to get instant results online (try getting \$2,500 checks from ad sense your first month!) Why sitting around wishing for cash is hopeless, and how to jump into action immediately The one service that almost every business owner needs, but no one ever tells you how to sell! How to be open for business in 24 hours or less! The secret to getting your first client, even if you have no experience, no contacts, no testimonials, no website, and no clue where to start! The best people to target, especially if you want high paying, fiercely loyal, openly grateful, long term clients for life How to get paid cash up front and make your clients overjoyed to do it Why some testimonials are worthless, while others will help you launch a long term cash producing business I hope you have your reading glasses on, because that was just the first video... I have about 37 more instant cash services secrets to share with you! The actual information is delivered via fast-paced high-quality video that you can download right to your desktop, so you'll be able to put those glasses away momentarily. Video 2 -- The Internet Is Overflowing With People Who Want To Pay You Money! Rule number 1 -- think like a blank or continue to get paid like blank! You're not a service provider, you're a person blank blank blank (they get paid way more) The biggest reason why some service providers are fat and happy, while others are poor and hungry. The most obvious places to pick up clients starting today (people are literally sitting by their computers, waiting to send you money). Why most people fail with Craigslist marketing, and how you can set yourself apart (I set up a completely passive recurring income stream with just this one method, it's really freaking sweet) What most people won't tell you about forum marketing (and why most people who use it are broke) How to put together a services website that sells within 24 hours or less (don't worry, I'm a total technophobe so it won't be difficult) The key to turning your website into a client generation machine. How to turn traditional traffic generation techniques into \$1,000 paydays (this will blow away article marketers!). Videos 3 -- How To Set Yourself Apart From The Competition- Permanently! How to get clients to come flocking to you and pay your going rate (no more discounts!) The missing link that turns word-of-mouth marketing into a raging wildfire How word-of-mouth marketing can work the other way- and how to avoid

it! How you can think like a blank when providing a service, and make your clients giddy to do business with you over and over again (I'm serious, they might squeal like little girls- don't say I didn't warn you) There's no better way to command premium fees than to become a recognized blank blank blank. Screw competition- how to specialize in a highly competitive field and target a market that's ready to dole out serious cash. How to market yourself as a blank (you've probably never done this before, but I'll give you plenty of ideas to run with). If you don't have any blank blank, then you need to get some fast! How to build up a network of referral partners and help each other get highly paid business around the clock. How to get movers and shakers say "how high" when you say jump, and send business to you at the crack of the whip (snap!) Video 4 -- How To Use High End Services To Revolutionize Your Profit Funnel How to use high and services as backend offerings in your profit funnel to increase your profit by double, triple or more (just like I've done) The simple shift in mindset that can have an impact across your entire business (ignore this at you income will always have a ceiling) How to get paid to do the most lucrative market research you'll ever encounter The simple steps to becoming a highly paid consultant, even if you've never done it before. How to create a constant stream of high paying clients asking you to take their money on autopilot (I discovered this by accident, and holy crap am I glad I did!) Video 5 -- Your High End Profit Funnel This is where it starts to get kind of crazy, hold on for a wild ride... If you can be a consultant, you can be a blank -- and charge handsomely for your time How to turn highly paid services into high end products (thought you were just selling time for money? Think again!) The ultimate time management trick for high and services (You could multiply your profits by 10 using just this one technique) How to charge premium go-to person fees without spending years of effort to get there How to save yourself a ton of headaches by only working with the best of the best. The ultimate leverage points (i.e., how I get paid \$10,000 for a single project) If this were the end, I would feel comfortable with having delivered massive, overwhelming, "I can't believe he fit all of that in five videos" value. But after more than a few sips of my over-caffeinated extra forte Brazilian style coffee, I decided to go back and create the bonus video to end all bonus videos. Bonus video -- Unique Strategies To Develop Highly Lucrative Income Streams With Instant Cash Services How to gain instant benefits in cash flow, positioning, and product development The best tip I could possibly give you to start selling more high and services without doing a bit of extra work Why you'll never look at 100 commission products the same again How to cash in on high and services- even if no one pays you for them! How to get paid over and over again from

services rendered in the past How to create one of the sexiest products in Internet marketing and get paid to do so in advance How to use high and services to create the ultimate products and solutions for your target market. The services that I personally offer, why I offer them, and why people pay me a premium!
