Maureen understands the energies of the Angelic Realms Drunvalo Melchizedek ***** Journey into the realm of angelic possibilities with this powerful guided meditation. Rainbow Angel Meditation is for connecting with the Archangels. You will find Maureens beautiful velvet voice and soothing background music the perfect complement to your prayers to the Archangels. It is subtitled, Meditation to the Archangels. This CD will take you through the Seven Archangels and their purposes. This guided meditation will enable you to add your own prayers throughout the meditations. This meditation was performed live for over six months in 22 cities where Maureen was repeatedly asked, "Where can I get a copy of this?" Maureen went into the studio and created this guided meditation and accompanying music and sound effects. Classically trained, Maureen writes and mixes all her own sound - always guided by the inner wisdom - what works for a specific angel's meaning. You will love how she creates spaces for you to insert your own specific or personalized part of the prayer. A modern day mystic, author of You are the Genie in the Bottle, and certified Flower of Life instructor, Maureen J. St. Germain spends over 200 days per year leading workshops, and tours to sacred sites including Egypt, Hawaii, and the U.K. Maureen developed these meditations in her workshops, and created these CDs in response to overwhelming demand from her workshop participants. Her acknowledged expertise in Sacred Geometry, Numerology, Alchemy, Manifestation, Feng Shui, Hathors, and the Teachings of the Ascended Masters gives her guided meditations a uniquely fresh perspective and depth.
