Last summer, in July 2004, the GIPSY KINGS flew to Germany to play live at big a German TV show. Because their own instruments were stuck at the German customs, their manager called TIERRA NEGRA to borrow 8 guitars for this tv programm on the same day. When the guitars

arrived at the venue the GIPSY KINGS immediately started to make session with our instruments and didn't stop until the beginning of their tv broadcasting. During the show the GIPSY KINGS manager called us and told us that the band loves the sound and the quality of the TIERRA NEGRA guitars. He asked for a meeting with us and the band.
