A little background... The Big House Blues Band offers a combination of diversified musicians working to serve a blend of classic blues and blues-rock with a distinct sound that combines elements of ZZ Top, Muddy Waters, Gary Moore, Maria Muldaur and Eric Clapton with the Blues Brothers! Members of the Big House Blues Band have collaborated musically for over 20 years. The Big House Blues Band itself is the morphed result of a number of blues bands that were formed by "Big Daddy" Doug and Jimi Ray since 1986! The combination of musicianship and genuine friendship between the individual members of the group produces an incredible level of tightness in their music and a camaraderie between members - something rarely heard of in these days of "American Idol" and manufactured bands. ----- BHBB members ----- "Big Daddy" Doug - (Vocals / Guitar / Harmonica) Doug is a 30 year veteran of the West Michigan music scene. He is an accomplished guitarist and plays a mean harmonica! His vocal talent abounds - he is the soul of the Big House Blues Band. Jane Bassett (Lead and Backing Vocals) Janes smooth and heartfelt vocals seem to wrap around the entire Big House Blues Band, holding and melting

the whole thing together! Jimi Ray (Vocals / Drums) Jimi Ray is another multi-musician, focusing on drums for the Big House Blues Band. He also holds the technical side of things together for the group and works to keep the groups vision clear. Nick Houseman - "The House" (Vocals / Guitar) Nicks guitar playing is phenomenal and surprising for a relative newcomer to the music scene. Jay Carr - (Bass) Jays solid bass lines anchor the group into a magical groove that pushes BHBBs music right into your soul. Jay is an experienced showman and works hard to bring the magic right out into the crowd. Mike Tabaczka - "Tzer" (Keyboards / Guitar) Multi-faceted musician, Tzer, offers his keyboard skills to the group. He is also a HOT guitar player as is in evidence at any live BHBB show! Greg Nimtz (Saxophone / Musical Director) Greg is the musical director for the horn section for the band. He is another highly talented multi-musician, bringing his excellent saxophone playing and horn arranging skills to the band. Gregs horn section arrangements are one of BHBBs trademarks and succeed in spicing the whole experience up! Mark Miller (Trombone) Mark is BHBB's extremely talented trombonist and has performed with such groups as: the Western Michigan University (Grammy-nominated) Western Jazz Orchestra, West Shore Symphony Orchestra, Cherry County Playhouse, West Michigan Jazz All-Stars, Jimmy Dillon and the Werewolves, Lyon Street Horns (with Chris "Dickie" Lawrence and John Gist), among many others. Jim VanBemmelen (Tenor Saxophone) Jim is a very gifted saxophonist who's improv talents blow the socks off everyone who hears him. In addition to his many projects, Jim has performed with the Four Finger Five.
