Having separated from her son's troubled father, Deborah felt frightened, alone and overwhelmed. She turned to the scriptures as a source of strength, selecting those that resonated with her situation. As a way to incorporate and reinforce Gods word into her busy life, Deborah decided to record these scriptures and pray along with them daily. She found these recordings effective and convenient and wanted to share her method with others. Deborah has stepped out in faith to produce this collection of 150 scriptural prayers to help you pray for your children. These prayers are presented in a hear it, pray it self-paced format, leaving time for reflection and repetition. As you listen and repeat each prayer, feel empowered and strengthened in the knowledge of Gods word. Prayers are taken directly from scripture or have scriptural basis in God's Word. Just relax, listen to the Word, repeat the prayers for your children, and watch your children's lives change.
