

Mp3 Sutura - To Music

[DOWNLOAD HERE](#)

This acoustic four-piece, led by heart stopping vocals and evocative harp, bring you beautiful, uplifting songs that will send shivers down your spine and goose bumps to your toes. 11 MP3 Songs FOLK: like Joni, SPIRITUAL: Inspirational Details: Vicki Burke, who is better known as a saxophonist for Bristol, UK bands Up, Bustle and Out and Flash Harry, bought a Harp in 2003 and decided to go acoustic! Writing her own material she teamed up with singer Lisa Marie Berning, the duo soon became a four-piece with the addition of two highly sought-after musicians: Mike Hoddinott on drums and Richie Blake on bass. Sutura had an excellent first season playing the Bath Fringe, Crawley and Priddy Folk Festivals to name a few and have been regulars on the Bristol scene for over a year now. Described as: breathtaking, beautiful music that will send shivers down your spine and goose bumps to your toes.....the set consists of passionate, original tunes with depth, bags of melody and catchy choruses. Hearing is believing!..... Suturas music is beautiful, uplifting, and full of life! your music is a gift to all of us. Laurie DesJardins, KVMR Nevada City, USA "An album of attractive, gentle songs, superbly played and really well produced and arranged" "Lisa Marie Berning has a really beautiful singing voice" Tony Slinger, Venue Magazine **** It's no mean feat to move from sax to harp but Vicki Burke pulls it off beautifully, the music from Sutura stayed with me long after the CD had finished. Keith Warmington, BBC Radio Bristol "I receive about a dozen albums a week, (yet still) Sutura's album gave me 'the hairs on the back of the neck moment' the first time I played it, beautiful, relaxing, stunning." Mike Ganley, Swindon FM 'To Music' is very listenable and I find many of the arrangements lush, but not over produced. The lyrics are well supported by the music, particularly the beautifully evocative harp. Bruce Cameron. Radio 2MCE FM Australia People who are interested in Joni Mitchell Eddi Reader should consider this download.
