Details: Shaindel has been singing ever since she learnt how to talk, and started writing her own songs at ten years old. From when she was a young girl she dreamed about releasing an album of her own. Well that day has finally come. Shaindel recorded a five song demo when she was seventeen years old, but she was still developing her own style and sound. Soon after, Shaindel went to Israel for the year not knowing what the future held. Her life took a turn for the better and she was inspired by the amazing classes and incredible experiences she had. She fell in love with Israel at first sight! Shaindel's songwriting was in full swing, she kept filling up pages and pages of songs in her notebook. The fun didn't stop there. Shaindel wanted to reach out and inspire others with her music. She grabbed her guitar (covered with flowers and butterflies:) and performed in different venues around Israel. Shaindel came back from Israel and went straight into the studio to start recording her debut album Heart And Soul. The album was a family affair. Her father Moshe Antelis played bass, guitar, and arranged the album. Shaindel's brother Jake Antelis produced, mixed, and played drums on the album. Heart And Soul has thirteen songs written by Shaindel with a pop/rock feel and meaningful messages. The title Heart And Soul represents the idea of bringing spirituality into every day life. Each song is like an excerpt from Shaindel's diary that she poured her heart and soul into. With songs ranging from the pursuit of happiness, connecting to G-D, and getting through hard times, there is definitely something for everyone!
