Dear Fellow Internet Marketer, Some of the brightest internet marketers have priceless advice for people strapped for cash -- don't try the latest Internet Marketing technique, just get some guaranteed money by selling a service! I say it's priceless because it can literally save you from financial ruin, and keep your IM hopes alive. * When you sell a service you... * Get paid straight to your PayPal account, upfront- instant cash baby! Develop relationships with long-term clients and potential partners. * Learn valuable new skills that you can immediately implement in your own business. And, best of all... Get Paid To Learn The Best Business On Earth! Before you go thinking that this is a minimum-wage gig, you should know that... I went from zero dollars to six figures in less than six months by selling my services! You see, while a lot of people give good advice when they say start with services... they leave out the key piece of the puzzle. If I had kept writing for \$10 per page as a ghostwriter like when I started, I would be a washed up hobo on the streets of Miami right now, rather than living in a pimped out bachelor pad in Rio de Janeiro. Since I don't want you to be stuck working for pennies, I'm going to show you a way to sell your services like you've never seen before.
