PROBLEMS ===== - has a website but no visitors? - don't know how to attract visitors? - confused by zillions methods of traffic generation techniques? SOLUTION ===== Introducing Traffic Generation Principles! Traffic generation is no mystery, no secret. Its mostly common sense and analytical process (meaning it can be fairly replicated with consistent results) Well, you will understand what I mean when I discuss traffic generation principles in the next slide Then, Most people fail at driving traffic simply because they don't even try. And when I say try its not a set and forget trial, its a real commitment to include a technique into a broader plan and see how it brings more effectiveness to your efforts. A plan is simply a set of techniques that you implement and organize in order to achieve a goal. Its your blueprint for driving traffic. And this is an evolving and dynamic blueprint, meaning you will tweak it and improve it depending on your learning and testing curves.
