Soulful Drum Kits NOTE: I AM THE COPYRIGHT PRODUCER OF THESE SAMPLES As requested we made a kit that captures the essence of that vintage soul sound that makes ordinary songs classics. This kit was made from vintage samples and modules and has that vintage sound intact so don't expect clean crisp digital drums but rather drums with soul. These sounds are similar to those that would make a John Legend hit or to those that the legendary Pete Rock would use. We went diggin' for days to get these sounds and we know that this kit will provide the vintage sound that the underground/soul producer would like. Also we included our "Live Drum Kits" along with this package and this includes live sounding drums that are clean and crisp for when you decide to get out of "vintage" mode and make some modern soul hits. These sounds were recorded and designed by professional engineers using Pro Tools for the best sample quality available. These samples have been processed with Waves processing tools and SSL compressors for more impact and presence in your musical creations. Many drum libraries tend to have overused fx, have digital distortion and lack clarity as well as the natural sounds that some of our favorite producers have come to rely on to make hits. Our samples are carefully picked, recorded, and fully analyzed to ensure that they are clear of these faults and have more live sounding feel which is credited to the drum sets, sound modules, and samplers which are widely used by award winning producers worldwide. You will notice the difference once you apply these sounds to your musical works and you will not regret it. This product is delivered digitally, so once the purchase is made you can get to making your hits immediately afterwards! Not only does this deliver the product as fast as your internet connection can provide, but it also saves you \$money\$ on shipping and handling charges. A broadband connection is recommended for this purchase to ensure delivery in a timely matter. *Kit includes 362 one-shot samples of kicks, snares, and hats and also we've included our Live Drum Kits package* For audio samples of loops made with these drums visit beat-makerz.com **HARDWARE & SOFTWARE COMPATABILITY PRO TOOLS, CUBASE, CAKEWALK, ADOBE AUDITION, RECYCLE, SONAR, REASON, ACID, EXS 24, GIGASTUDIO, SAMPLETANK, HALION, KONTAKT, WAVELAB, SOUND FORGE, VEGAS, FRUITY LOOPS, NATIVE INSTRUMENTS, COOL EDIT, AKAI SAMPLERS, MPC 2000, 4000, 1000.
