Prime Loops are extremely proud to present this exclusive 700mb collection of over 100 Progressive Electronic Synth Patches bringing the increasingly popular Progressive sound directly to your studio. Drawing inspiration from House, Techno, Minimal and Trance, these electrifying synth sounds have been skilfully compiled from multiple layers of digital and analogue synthesisers, and will add a unique twist to your music that simply cannot be found anywhere else. Each file has been professionally mastered, mixed and layered in crisp 24-bit audio, ensuring every single note sounds clean and full for maximum playability and instant inspiration every time. Also, Progressive Synthesis comes fully equipped for Kontakt, Halion, EXS-24, and Reason NN-XT with other formats such as WAV, AIFF, and Reason Refill. Each synth instrument has its own individual settings, which of course can be tweaked to your hearts content to create 100s of variations and interesting layers. Inside, you will find an intelligent blend of distinct synth sounds from floating polyphonic pulses, to cutting chords and combinations, bright ethereal pads, to progressive tech sequences and beyond! These progressive synth instruments will enable you to begin creating the trademark progressive sound immediately. Dont let hours of fiddling with synthesiser parameters take away from your creativity, start producing the next Ibiza anthem right now with Progressive Synthesis. You can find this release in a large number of other special formats on our website including: EXS24 (530mb) Halion (548mb) Kontakt (548mb) Motu Mach Five (548mb) Reason Refill (294mb) Sonar SFZ (548mb) and many, many more! primeloops.com
