This album drew rave reviews for its innovative stance and as one of the pioneering albums in the Worldbeat genre that successfully fused the classical sitar music of India with rock. Sitar Power 2 follows in the footsteps of its predecessor but stretches out further and blends North Indian classical music with Samba, Jazz, R&B, Country, and Surf! The end result produces some very diverse and rich combinations with the special Ashwin touch! Dirty Linnen, NY The Frank Zappa of the sitar has finally released his second volume of Sitar Power. It's been nine years and he has gotten even more experimental. India Currents, California If you think that fusion - music that combines the sounds of different traditions - is passe, you need to hear Ashwin Batish's latest. This compact disc contains eight new tracks which breathe new life into the fusion genre.
