Announcing The Brand New, 6 Part, Step By Step Video Course That Shows You How To Finally Increase The Response From Your Twitter Followers... AND Get Top Search Engine Rankings By Using This Simple Step-by-Step Twitter System!" Dear Friend, FACT: Twitter is one of the fastest growing Social Media platforms! Twitter is known by many, as a place where you can go and send out 140 character messages, better known as 'tweets', that tell people what you are doing, at that particular moment. The reason why this is good for business, is because your followers get to know what is happening in your life, on a more personal level. Prospects like to get to know WHO they are buying from, before they turn into a buyer. Now, this doesn't mean that you should tweet in detail about everything that is happening in your life, but it is ok if you do it once in a while, and keep a balance of business related material, and vice versa. So, as you can see, you can use Twitter to build awareness about you and your company.. PROBLEM: Most people don't use Twitter correctly.. This is a biggy.
