- * Video 2: Understanding How the Search Engines work This is where the real meat begins to be chewed. You will undergo a crash course in how search engines work, and how your websites get into their databases. *
- * Video 3: Top Search Engine Optimization Myths This chapter will show you several myths. You'll be able to sift the facts from fiction and learn some of the biggest SEO myths. *
- * Video 4: 5 Steps to improve your website Search Engine Optimization Take all the knowledge gathered so far and put it into practice. This is the chapter that teaches you how to effectively conduct the SEO process to improve your websites ranking, or SERPs (Search Engine Ranking Position) *
- * Video 5: How To Get Listed On Google And Other Search Engines in a few days Will give you insight into ways you can get listed into Google or other search engines within a few days. It's easy with these few methods and they are all White Hat methods, meaning they follow guidelines. Of course this means getting listed, but not on the top page. *
- * Video 6: Overview of Free Web Site Submission to Search Engines. This will shed some light on how submitting your site to many search engines is beneficial, but of course is not the way to get your site to the top of the results. *
- * Video 7: How To Boost your SERPS in Google and ranking in other search engines You will learn about SERPS (Search Engine Ranking Position) and how you can raise your SERPs. Given that there are so many techniques available, you will learn how to focus your energy on the most effective ones. *
- * Video 8: Understanding What Pagerank Is. Of course PageRank is used mainly by Google as a measurement tool for ranking web pages. The concept of Page Rank is explained and you will learn what it means, what I can do and what it can't. You will also be shown where you can check your pagerank or other sites pageranks. *
- * Video 9: Understanding Keywords and Keyword Strategy in Search Engines Keywords are highly important in the world of Search Engines. You will learn why they are important to Search engines and most importantly, you will be shown what tools are out there to help you dig out good keywords and measure your keyword density for free. *
- * Video 10: 5 Free Ways to get Search Engine Traffic In this video, you will be shown 5 methods that will highlight systems you can put

into place that will begin to drive targeted traffic to your website. If you are an absolute beginner in SEO, you are actually at an advantage as you don't have the misconceptions and prejudice that webmasters commonly have about SEO. So what is this course actually containing and what it more importantly does not? * You will learn the how, but most importantly the why. * You will develop the ability to quickly analyze new developments in the SEO world and act on them. * You will start spotting organic link generation opportunities on your own, once you develop the necessary skills * You will gain a portfolio of backlink generation techniques that rely on organic generation, rather than artificial and you will thus avoid all the future headaches of some possible search engine penalties. * You will become familiar with how search engines really work and it will thus become possible to make adjustments to the way you are currently conducting the SEO effort * You will manage to avoid the common traps in which many uninformed webmasters manage to get themselves into. * You will see results more quickly than you think. While SEO does not happen overnight, in a matter of a few months you will be congratulating yourself for following the advice on this course * You will obtain more relevant traffic than you thought possible.
