Easy listening gospel music for every heart. 10 MP3 Songs EASY LISTENING: Soft Rock, WORLD: World Fusion Details: Hi!My name is Eduard. I was born and rised in Romania. I graduated the Bucharest Academy of Music in 1994, where I have studied voice education, acting and dancing. For 8 years I activated as a vocal-soloist in the musical theatre from the capital of Romania. I performed hundreds of shows and played dozens of characters. From bad guys like Riff from "West Side Story" untill more decent ones like Professor Higgins from "My Fair Lady". I travelled all Europe with my theater, and I won many awards in vocal competitions. I won the second place in German Music Competition(Lied)in 1994, and I won the first place in Brodway Competition in 1996. During that time I was more and more involved in songwriting, and my songs were heard many times on the Radio and TV. Four years ago I came to the US to try to reach the eternal "american dream" (I'm still working on it). What is more important is that I found Jesus, and one day I invited Him into my heart, and I was never the same. I thank Him night and day because He chose me, and I write songs and I sing for Him. This CD is the result of three years of hard work and I am proud of it. I hope you like it too. This is me, and this is my passion: to sing for my Saviour.
