

# 1khz Tone At -18dbfs 4ppm, Glits Tone

[DOWNLOAD HERE](#)

This is a zip file containing 4x 16 bit 48kHz wav files: 1. 60" of 1kHz lineup tone at -18 dBfs which lines up to 4ppm on a BBC IEC IIa meter, as used across TV and radio broadcasts across the UK. 2. 60" of 1kHz GLITS lineup tone at -18dBfs which lines up to 4ppm on a BBC IEC IIa meter, as used across TV and radio broadcasts across the UK. 3. A mono 1kHz sync plop, 1 frame duration at 25fps. 4. A stereo 1kHz sync plop, 1 frame duration at 25fps. NB: The purchased zip file is tiny due to the zip compression of only one frequency (1kHz) but the files extract to around 22mb.
