Texas Country with a rock flair. 15 MP3 Songs COUNTRY: Country Rock, COUNTRY: Modern Country  
Details: Texas Renegade has been called the real deal by Cheatham Street Warehouse owner and songwriter Kent Finlay. Their unique mix of harmonica and mandolin as the lead instruments has helped to make them one of the most refreshing and memorable up and coming bands on the Texas music scene. The band consists of 5 talented musicians from the Central Texas area of Wimberley. In addition to being the resident songwriter, Andy Bertelsen sings lead and plays guitar. On mandolin, acoustic guitar and vocal harmony is Tyson Carver. Kasey Klepfer wails on the harmonica while Eli Carver (Tysons twin brother) on bass and Matt Pigg on drums makes up the bands rhythm section. 3a.m., the bands self released debut CD contains 15 original songs. Fan and industry approval is high for this young band as proven by the numerous awards and accolades that they have received over the past two years. Jason Allen who produced 3a.m. was awarded the 2005 MTM Producer of the Year for his part while Kasey Klepfer walked away with the prestigious Musician of the Year Award. The September issue of Best in Texas Magazine featured the band in their Stars on the Horizon section. Texas Renegade was honored to be named the 2006 MTM Live Band of the Year at the Texas Music Awards. The band is currently recording their second CD with a tentative release slated for early 2007. Texas Renegade has already shared the stage with the likes of Jason Allen, Gary P. Nunn, Kevin Fowler, Randy Rogers, The Lost Trailers, Billy Joe Shaver, Pauline Reese, The Derailers, Phil Pritchett, Jarrod Birmingham, Charlie Robison, Reckless Kelly, Ryan Cabrera and Ray Wylie Hubbard to name a few. With their original blend of Americana/Country tunes and a rapidly growing fan base Texas Renegade is quickly earning themselves a permanent spot on the Texas Music scene. Live on stage, Texas Renegade could very well be the ticket of the year. These guys really do a great job entertaining. Rick Star, Texas Rebel Radio Texas Renegade has earned my respect as songwriters and players a righteously cool band. Ray Wylie Hubbard
