A blend of acoustic and electronic sounds used to create mostly instrumental tracks of an introspective mood. 14 MP3 Songs ROCK: Instrumental Rock, ELECTRONIC: Experimental Details: Tears for Agnes, if nothing else, is an attempt to try things a bit different from what the average musician does. Whether it be acoustic, electronic, guitar-based, synthesized, arranged for strings or any combination of these - if it sounds interesting, it gets tried. Sonic manipulation in any form is embraced. The eclectic influences are carefully balanced, making the music comfortable, but without fitting too neatly into a genre niche. TFA strive to avoid the musical collective conscious.
