Old Time Acoustic Folk Bluegrass. Sweet blend of harmonies - original and traditional. 13 MP3 Songs  
FOLK: Traditional Folk, COUNTRY: Bluegrass Details: Anne Pete Sibley love to get right to the heart of their audience. For them it is about the vocals, the words, the harmonies. Accompanied on guitar and banjo theirs is a traditional yet original sound. They have been inspired by duet performers like Tim Mollie OBrien, and Gillian Welch David Rawlins. Annes powerful vocals and songwriting paired with Petes solid guitar, melodic clawhammer banjo playing and harmonies highlight their latest CD. They've spent the past few years introducing their music at festivals in the Rocky Mountains and Pacific Northwest, opening for Willie Nelson and as in-studio guests on community radio stations. They are grateful for the opportunity to share their original and traditional music. Anne Pete Sibley offer some of the best duo harmonies around...their mix of original songs and traditional favorites bring back the good old days. The sweet blend of their voices will bring a smile to your face... and if your ears could smile they would be grinning too! Anne Pete are wonderful to work with and would be a positive addition to any festival or venue lineup. I recommend them without reservation -George Gertz, North Fork Valley Bluegrass Festival Coordinator Anne Pete Sibley are quickly becoming the Wests favorite duo -Ken Seaman, The Bluegrass Patriots and MidWinter Bluegrass
