Norway Soul... 7 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, NEW AGE: Ambient Details: We all know that Norway is a cold country, but with swingin drums, groovy baselines and melodic warm samples this fox keeps it warm. In the last few years, Euphonious has dedicated his life to samplers and old dirty crates, and worked relentlessly to produce beautiful hip hop music. Inspired by atmospheres and feelings, he has always had an emotional sound on his work even though its based on beautiful or negative things in life. He released the mixtape Dypt nede I kjellern in 2005 with collabos from Norway to the USA. He now presents the instrumental ep Strapped Confusions.
