These drums bring back the essence of the golden era of hip hop! I don't know what Redman says... but I can't find anything doper than the Pete Rock Remixes! These Drums match the beat production style of the soul brother Pete Rock. They are selected and sampled from vinyl inspired by the beatmaking techniques of this hip hop pioneer! This compilation contains: 120 Pete Rock Bass Drums 85 Pete Rock Snare Drums 100 Pete Rock Closed Hats 30 Pete Rock Open Hats

335 Pete Rock Drum Sounds TOTAL!!! Download the preview of Pete Rock Drums, sample them on your AKAI MPC2000 XL and you'll find yourself hooked! Sample them on your 12 bit Akai MPC60 or Emu SP1200, just like Pete Rock would, and make them dirtier and phatter!!! There are toy beatmakers out there that say they have 10,000 and 10,000 snares... In reality, established producers only use about 10 to 50 BDs, 10-50 SNs and so on... and they just recycle them and change their library maybe every other season or on every other project they be working on. I've seen this in studios... Beatmakers using only 10 BDs and 13 SNs and maybe 10HHs for a whole album... They just EQ them and compress them differently on each track... If you are experienced with equalization and compressing, then you know that from a single drum hit you can produce maybe up to 10 different and "worth keeping" variations of that sound only by EQing and compressing it. So, if you're into Pete Rock's Jazz/Soul type of production, this collection will last you for many many projects/records. Copy-Paste into another folder the drums you like and use most. Make other smaller drum kits out of these drums. By customizing this drum collection you will get familiar with the big amount of drums we offer. We advise you to use the same kits you've created over and over for a period of time. This way you will get familiar with the enormous number of drums and you will have your own signature on the beats you make. Cos that's the key! Use the same sounds through a period of time and your style will be noticed in your hood, your city or the network you're about to build!!! Import them on your MV8000/MV8800, Phantom, MPC1000, MPC2500, MPC4000, HALion (VSTi) or any other hardware or software sampler and you have crystal clear drums along with the thickness and crispness of these drums!!! All are guaranteed to rock you. What are you waiting for? A pack of cigarettes costs more than 5 bucks! BUY
