

Helicopter In Flight Atmos Ambience #1 Sound Effect Sfx

[DOWNLOAD HERE](#)

This sound effect is a stereo recording of a helicopter journey, shot from an inside perspective. Be sure to check out my other helicopter SFX including take off, landing and an alternate inflight atmos. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
