Details: Amie began composing music when vivid dreams beckoned her to the piano at a young age. Often finding music a healing therapy, she started performing in public to share her gift. In her early twenties, after several requests, she released her debut album Spread Your Wings. Sold worldwide, Amie became known as an artist who plays from the heart. Others found that they could touch and express their own emotion by immersing themselves into the strands of her enchanting melodies. Crystology is her sixth studio album and an expansion of her lyrical gift. It is a musical interpretation of certain minerals. As a Tera Mai Reiki Master, Tera Mai Seichem Master, and a Certified Crystal Healer, Amie has taken this album to new heights by channeling the properties of crystals into music. It is a meditative and relaxing journey of sound, emotion, and spirituality.
