news. it has piano accompanied by orchestral and choir like sounds. 9. mystical myst - a loop from this track was licensed for use on orisinalin the game perilous voyage, animated by the artist ferry halim. i highly recommend you try the all the free online games at orisinal.com! this has harp, light percussion, piano and deep, rich orchestral accompaniment. it's very simple, yet profound at the same time, and repeats a soothing main melody line, like a musical mantra. 10. hypnoprism - a very hypnotic, mellow groove that repeats with subtle variances, designed for enhanced contemplation, relaxation, meditation, dreams, and more. 11. in my dreams i fly with you - a dreamlike floating piano piece that echoes and integrates with your consciousness.
