With a new 5 piece band collectively known as M The Flash Mob, Monique and internationally renowned producer Mark Opitz (INXS, Divinyls, Hoodoo Gurus) are working together to create an edgy pop rock sound for Moniques forthcoming album. Opitz came on board the project upon hearing the strength of Moniques new material, believing in her as a songwriter and in her supreme vocal ability. Together they have recently demoed up a swag of new tracks at Melbourne's 30 Mill studios and will start recording in earnest very soon! Brumby continues to blaze trails and take risks.
