10 MP3 Songs ROCK: Instrumental Rock, COUNTRY: Country Rock Details: Hello, My name is D.
Sharp. I am the singer,guitar and saxaphone player of my band "U.S. EAGLE". I am the sole author and
producer of this album "Texas Tea". This album has a strong southern rock taste with an unexpected
sweet twist of "Country Bop" and "OLDIE Pop" thrown in. I was born in Mckenney Texas. I have toured
with many known and unknown artists. My love for southern rock and country seems to come out in my
music in every song that I write. I am also very fond of the oldies sounds like you will hear on this album
in my song "CLOSE TO ME". I will be releasing a patriotic album very soon that will include 4 other
original oldies style songs plus some true blue American tunes. Each CD cover will be hand autographed
on the inside cover! My new album will be called: U.S. EAGLE "AMERICA" I thank all of my loved and
respected fans for buying my albums and for giving your generous support by attending the live shows
night after night. There is a new website in the works so stay tuned. I would love to hear from you! D.
