

# Star Wars At-at Patent

[DOWNLOAD HERE](#)

This is a downloadable copy of the US Patent George Lucas registered over the Star Wars Imperial Assault Vehicle AT-AT, as featured in the Empire Strikes Back. The patent protects the vehicle as a toy, and shows the registration data (author, assignee, length of protection, date of registration, etc), and graphics illustrating the AT-AT from different angles. It is 7 pages long, and you can print it out on A4 paper sheets (good quality watermarked paper is perfect!), and frame it.
