Video Tutorials Boost Your Overall Conversion Rates By Having Pro Class Designed Images Without Having To Break Your Budget Or Skipping Your Monthly Bills! Dear non designer budget marketers, Have you ever wanted to create your own graphics but just could not afford to shell out a few hundred dollars for your own copy of PhotoShop without your bank manager, your accountant, or shhhh - you wife finding out about it? The good news is that there is a powerful free program that will be shared with you on where to get it and how to use it, in this cool video tutorial. It will give you all of the skills to be unique by allowing you to produce your own PhotoShop quality, sizzling hot, professional graphics for FREE! Yep, thats right, zero, nada, zilch! The software that can be downloaded for absolutely no cost - ever! However, for most people the discovery of great free graphic design software leaves one massive question about the learning curve: "Ok, so now how do I learn how to use it so that I can start making my own graphics?" That is where the BootStrap Graphic Designing comes into the picture ('scuse the pun . . .). With this powerful video training course you will learn: The ins and outs of the minefield of the many different graphics formats, and when to use each of them Where to get the software, legally for free, without waiting for the knock of the FBI on your front door. How to install and optimise your graphics software package Step by step around the system - you may chuckle at my voice because I'm a Brit ;-)

Step by step, how to professionally edit existing .PSD (PhotoShop format) graphics to make 'em unique.

Step by step, how to create your very own professional looking headers etc Everything you need to know to start designing professional looking graphics for your websiteor your customer's websites. . And lots more . . . You'll literally save hundreds of dollars by not having to purchase expensive graphic design software and loads of time because you will not have to learn how to use this free software on your own - we will help you every step of the way, in the comfort of your own home at a speed that suits you. And heck, you won't have to hide those credit card receipts - your wife will love you even more when you tell her how much you have saved . . . maybe that's a bad ploy - she'll want to spend your savings! Don't waste another day of wondering how much you can really make if you could just get your idea online!
