Babbling Brook Or Stream Sound Effect (sfx Wav)

DOWNLOAD HERE

This 58" file was recorded straight after rainfall on a spring morning. It offers a close perspective to the babbling brook tricking over some small stones in an English forest. All files on sale by Sevenleaf SFX have been recorded by professionals and are available for you to download as 16 bit 48kHz stereo wav files. Also see file 'Trickling Stream or Brook sound effect' for a similar but shorter file for sale. Previews are low quality mp3 files with security watermark beeps. Purchased files are broadcast quality wavs without watermarking.
