Let Me Ask You... Do you have no idea how to create a squeeze page, or drive targeted traffic to your websites, in order to build your list ? Do you know how to entice visitors into becoming subscribers, or how to effectively monetize your list, once you build one ? Are you are brand new to marketing and know that you NEED a list, but have absolutely no idea how to get started ? Whatever your reason for not having taken advantage of the power of having a highly targeted email list, prepare for a profitable change in the way you run your online business. Forget spending a fortune buying leads from other email marketers. Half the time, these subscribers are untargeted and in some cases, not even confirmed opt-ins, which means that once you email them, you are at risk for being busted for sending SPAM ! Do you really want to jeopardize your online business (and credibility) just to build a list? And what about paid traffic? Do you really want to flood your server with loads of untargeted visitors who care nothing about the products that you are selling? Or would you rather learn strategies the listbuilding renegades use to drive targeted traffic to their squeeze page. Duh? You Need A Targeted List Listen, you know how incredibly difficult it is to make money without having a customer list. Not only will you end up spending hours of your time manually promoting your website, but even if you hired a team of marketers to work around the clock for you.. you will still NEVER make as much money as you can with a single list of hungry buyers! Would you rather spend 8 hours a day, every day, marketing your website and desperately seeking out prospects.. or spend less than 7 minutes writing an email broadcast and clicking ONE button, to pull the trigger and blast your message out in front of thousands of targeted buyers? This isnt new or even secret, its common sense.. you simply NEED to build your list. And now you can.. Heres What Is In The Course: Video #1 - An Introduction To The System Video #2 - Creating Your List System Video #3 - Choosing Your Newsletter Topic Video #4 - Squeeze Pages Video #5 - The Money Is In The Relationship With Your List Video #6 - List Building Strategies Video #7 - Maximizing Profits Video #8 - Recommended List Building Resources *NOTE: This video set is in .mov format.
