Damien Rice meets Bare Naked Ladies 13 MP3 Songs FOLK: Folk Pop, ROCK: Acoustic Details:
Inspired by the likes of Coldplay, Damien Rice, and Five For Fighting, this Connecticut Native is stirring up a sound all his own. Sean Fournier's style stretches across folk, rock, pop, with a hint of blues. This singer/songwriter taught himself how to play guitar when he was 16 years old, and the piano and ukulele followed soon after. With catchy melodies and "ain't that the truth" lyrics, Sean hopes the listener can relate to his music and put words to a feeling they previously couldn't put their finger on.
