Soothing sounds of a cruising sailboat, ocean waves, rain storm and creaking rigs and buoys and more. 1 MP3 Songs EASY LISTENING: Mature, NEW AGE: Meditation Details: Originally, Chris Lee wrote this CD for himself, after the inability to find anything that could relax him after a hard day's work. Often traveling to San Diego and chartering sailboats, Chris realized that it's the sounds of the ocean and the sight of boats that calmed him, so he decided to put the ambiance of the sea into a 54 minute Cd and to share this wonderful creation with others who like the simple things in life. Chris is a native of Indiana and resides in Las Vegas, NV.
