

# Mp3 Umami - Theme For Travel

[DOWNLOAD HERE](#)

Theme for Travel is the transcendental soundtrack to accompany you on your way to destinations unknown. Oh, and it has mad BEATS. 10 MP3 Songs ELECTRONIC: Experimental, ELECTRONIC: Breakbeat/Breaks Details: With over 37 points of articulation, THEME FOR TRAVEL, the debut album from umami, offers the ultimate sonic experience for all your electronic music needs in a single package. Robust bass ensures your booty will shake all night long, while an exciting combination of intense beats and lush harmonies will keep your heart pounding play after play. Ideal for large groups or intimate occasions, THEME FOR TRAVEL has been rigorously tested in hundreds of situations to ensure quality and reliability for a lifetime of enjoyment. When asked to compare THEME FOR TRAVEL's sound to the taste of food, 4 out of 5 fans replied, "Chocolate-covered beef jerky." (The fifth disappeared shortly after the interview and was never seen or heard from again.) Whether you prefer salty or sweet, THEME FOR TRAVEL's delicious harmonies will satisfy your discerning palette. Glass-mastered Compact Disc technology delivers instant 16-bit/44khz digital audio on demand Full-color original artwork doubles as mini-shelter and emergency fire starter! Professional-quality polystyrene jewel\* case protects vulnerable media from hostile environments, monkeys, and suspicious-looking robots Creative Commons Sampling Plus licensing to protect your Fair Use rights Compatible with most digital playback devices\*\* \*Not actual jewelry. \*\*Batteries not included. Unauthorized use of this material for profit or advertising could result in personal injury or death. Do not operate under the influence of misleading corporate music industry propaganda. Always store in a safe place. Keep within reach of friends, family and loved ones. If you make digital copies available for distribution, please don't rip anything under 256kbps--it really sounds awful. And for the love of Pete, get the IDv3 tags right. Keep creativity alive--sample the hell out of this album. Just give credit where credit is due, and if you make a million, don't forget the little people. Thank you for listening. Have a nice day. Love, umami.
